EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Charles Mirho on 9/30/2011.

The application has been amended as follows:

In the claims:

claim 46, line 4, after "modulators;" -- the modulator is unique to a physical transmission path from a headend to the plurality of subscriber terminals -- has been inserted.

claim 50, line 4, "modulators;" -- the modulator is unique to a physical transmission path from a headend to the plurality of subscriber terminals -- has been inserted.

2. The following is an examiner's statement of reasons for allowance: Considering claims 46 & 50. Son teaches a system that transmits a unique Logical Node ID to each subscriber station. The subscriber station transmits this Logical Node ID along with messages to the server,

Art Unit: 2424

but Son does not teach that Logical Node ID is transmitted by the subscriber station in a request for a VOD. Furthermore, Addington teaches a system that transmits a service level group ID to the subscriber terminal. Subsequently, the subscriber terminal consults a map to determine the appropriate combination of modulators that the instant subscriber terminal needs to tune to in order to received broadcasted programming. However, the prior art of record does not meet the combination of elements recited in the claim 46, including ‘...*the application server to receive from a requesting subscriber terminal of the subscriber terminals a request for video on demand including a modulator group identifier...*’. Claim 50 recites substantially the same subject matter. Since claims 47-49 & 51-53 depend directly or indirectly from allowable claims, the instant claims are likewise allowable.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled “Comments on Statement of Reasons for Allowance.”
